

EMPLOYEE FREE CHOICE ACT (EFCA)

The Board of Directors of the TMTA has determined that it is in the best interest of the membership that the EFCA (clearly a misnomer) be opposed and defeated in Congress.

Recently introduced in March of this year the TMTA will be including opposition to this legislation in all of its advocacy efforts at the Federal level commencing immediately.

Any member of the association who cares to personally voice opposition should contact her/his House and/or Senate member by email or fax expressing such opposition.

To find your congressperson and their contact information, click on "Contact Your Legislator" located under the Advocacy tab on the main navigation bar above.

Should you like to have assistance in preparing such communication, feel free to contact the TMTA and we will be pleased to assist. Contact Rob Dumont at 248-488-0300, ext. 1302 or Stella Krupansky at 248-488-0300, ext. 1310.
